Hobby Rocketry in Michiana

Posted by admin on October 31, 2012

Join the excitement of launching rockets, big and small, and blast so high you need to get clearance from the Federal Aviation Administration (FAA) beforehand!

At the November 19 meeting of the Michiana Astronomical Society (MAS), speaker David Brunsting of Michiana Rocketry will guide you with "Almost Everything You Want to Know About Hobby Rocketry." Dave's talk will begin early in the 7:00 p.m. regular meeting of the MAS, in the Lions Room of the downtown Mishawaka library.

In the interim, don't miss out on the November 10 launch day in Three Oaks, MI, with details at Michiana Rocketry.

Please share the opportunity for fun by posting the event flyer <u>flyer-rocketry.pdf</u> in public venues. Thanks.

Edit | Remove | Un-Approve

It's good that we can receive the loans and that opens new possibilities.
